The interim financial statements have been prepared in accordance with Malaysian Financial Reporting Standards (FRS) 134 'Interim Financial Reporting', (formerly known as MASB 26) and Paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad, and should be read in conjunction with the Company's annual financial statements for the year ended 31 December 2006.

The accounting policies and methods of computation adopted by the Group are consistent with those used in the preparation of the most recent audited financial statements and are in compliance with the Malaysian Financial Reporting Standards (FRSs) and other interpretations effective for financial statements commencing 1 January 2007. The new accounting standards effective for the Group's financial period beginning on or after 1 January 2007 are as follows.

- FRS 117 Leases
- FRS 124 Related Party Disclosures
- Amendment to FRS 119₂₀₀₄ Employee Benefits- Actuarial Gains and Losses, Group Plans and Disclosures

The adoption of FRS 124 and Amendment to FRS 119₂₀₀₄ does not have significant financial impact to the Group.

FRS 117 requires the classification of leasehold land as prepaid lease. As a result, leasehold land which was previously classified under property, plant and equipment is now classified as prepaid lease rental as non-current assets. The comparatives for leasehold land have been reclassified accordingly.

For the 12 months to date, the Group posted revenue of RM476.6 million, a decline of 8% or RM41.1 million against the total turnover of RM517.7 million for the same period last year. The decline in revenue was mainly due to intense competition and the lower performance of the new products introduced.

The Group registered a pre-tax loss of RM6.7 million for the quarter and pre-tax loss of RM20.1 million for the 12 months to date. The intense competition, lower performance of the new products introduced, continuous escalation of raw materials prices, along with the rising energy and transportation costs, lower production volume and higher cost to maintain market share has caused the Group to suffer a pre-tax loss.

14. Material Change in Profit Before Tax As Compared to the Immediate Preceding Quarter
